TO THE TRADE

Oct. 15, 1930.

Our 20 years' experience in the Nursery business makes it possible for us to supply you with stock of quality. In this, our first list to the Wholesale Trade of Broad-Leaved and Coniferous Evergreens, we have listed several different varieties of stock, however, that are not all our offerings. Should you be interested in plants not listed we would consider it a favor if you will write us your requirements.

You are interested in getting your money's worth and we are interested in seeing that you get it.

All orders are dug and packed with the utmost care and under the personal supervision of Tom Dodd, owner and manager of the business. Nothing but the best stock goes. If it does not come up to the Tom Dodd specifications it is thrown on the brush pile. You may entrust your order with us and rest assured that you will be given a square deal.

We would like for you to visit our Nurseries at any time and see just what we have to offer. We are located sixteen miles from Mobile on Moffet Road. If you come via train call us over long distance from Mobile, Semmes No. 2, and we will send after you.

Try us out with an order and once you get acquainted with our methods and service you will come back for more. We expect to make our Nurseries the headquarters in the South for quality Evergreen Plants.

(If you need real large Specimen stock, see or write us just what you want, and we may have it.)

Yours very truly,

TOM DODD NURSERIES.

"The Name Signifies Better Plants"

CONIFEROUS AND BROAD-LEAVED EVERGREENS

These plants are all field grown, two or three years old, well formed. Many have been pinched or sheared, and transplanted one or more times. Our soil is ideal for balling and by frequent transplanting and spacing of plants so that they will have room to develop, plenty of fertilizer and cultivating, our plants have produced a fine fibrous root system.

For sizes less than 2-3 feet without ball deduct 25c, less than 2 feet deduct 15c. For carload or truck orders where we can load without packing in crates we deduct 20% from the B&B price if cash accompanies the order.

Bare root stock handled carefully with our methods by express is far cheaper than B&B stock and will do well with the right attention. Whether B&B or bare puddled roots we deliver to you fresh dug stock.

On most varieties we can furnish larger sizes than those quoted in this list.
